PATENT

REMARKS

In an interview held during prosecution of the present application on January 7, 2008, Applicants' representative agreed to use the phrase "specific number" rather than the term "x" in the claims and made the corresponding updates in an office action response dated February 7, 2008. Upon review of the claims upon receipt of the Notice of Allowance dated July 2, 2008, Applicants discovered additional updates to be made based on this same premise. No new matter is added by the amendment. Before filing this 312 Amendment, Applicants representative, the undersigned, conducted an interview with Examiner Reza to confirm that the amendments in the present 312 Amendment were editorial. Examiner Reza agreed. Thus, Applicants respectfully request entry of the foregoing amendments to address certain informalities detected during a post-allowance review of the above referenced patent application.
